

The Solution Provider

ELECTRO LUBE SOLUTIONS PVT. LTD.

An ISO 9001:2008 COMPANY

▶ Welcome to Electro Lube

ELECTRO LUBE SOLUTIONS PVT. LTD. An ISO 9001:2008 company empowers engineering excellence through technical solutions for project related industrial, electrical & mechanical products.

Our company has established its position as a front runner due to its cost effective solutions, services & reliability. Out of the numerous suppliers and solution providers in INDIA, we are amongst very few which are manned by engineering personals having rich experience in the industry. Moreover our in-house team not only acts as a supplier but also as an advisor on constant innovations, newer products and superior technologies which our clients can look forward to.

History

We have a checkered history of 43 years having commenced business in 1973 as M/S INDUSTRIAL TRADE CORPORATION, a partnership firm.

In this era of corporatization with a view to give better & more professional services, it was converted into a Pvt. Ltd. Company and re-bannered with a new business oriented name M/S ELECTROLUBE SOLUTIONS PVT. LTD. in 2005.

Vision

Our Vision has been an inseparable part of our success and as we look into tomorrow, we foresee scaling of even greater heights by providing one-stop solutions to upcoming green field projects and industries.

Policy

We firmly believe that Quality leads to customer delight and satisfaction, which is why we are representing quality products with an aim to deliver 100% quality and provide nonparallel services.
